

"Why am I here?"

An Interactive Workshop by Baptist Coelho

Kathmandu Contemporary Arts Centre (KCAC) invite you to participate in a workshop on the 3rd of April 2013 from 2:00 pm onwards at KCAC in Patan Museum, Mangal Bazaar, Nepal.

The workshop reverses the usual system of camouflage using participants' existing clothing as a starting point, to create a patterned, camouflaged environment around them.

The more colours and patterns you turn up in, the more interesting the resulting art work!
